JA-154J MS II bi-directional four-button keyfob

JA-152J MS II bi-directional two-button keyfob

It enables the remote control of the security system, plus various electric appliances, or triggering an emergency alarm. Confirmation of the execution of a command through optical and acoustic feedback.

All this also with multiple JABLOTRON 100+ systems (e.g. at home and in the office).
The remote control can also be enrolled to a multi-functional relay of the AC-16x type to control the relay in accordance with the selected mode.

- The control is equipped with both optical and acoustic indication of the execution of a command.
- The control can be enrolled to multiple systems or multi-functional relays.
- It checks the status of its battery and indicates its being empty.
- If a key is pressed and held continuously, an activation is sent every second. This function can be used e.g. to extend the impulse of a PG output (e.g. the gradual closing of roller blinds).
- The sound of the keys can be switched off.
- The key lock function.
- Extended settings for double pressing the keys.
- The control is a device of the JABLOTRON 100+ system, is addressable and occupies one position in the system.

Specifications

Compatible with	FW of the LJ(MD)60416+ control panel; F-Link 1.4.0+
Power supply	Lithium battery type CR 2032 (3.0 V / 0.2 A), C type power supply in accordance with EN 50131-6
Typical service life of the battery	approx. 2 years (10 activations / day)
Communication frequency	868.1 MHz
Communication range	about 300 meters (line of sight)
Dimensions	JA-154J MS II: 77 mm x 36 mm x 15 mm JA-152J MS II: 63 mm x 36 mm x 15 mm
Classification	security level 2, ACE type B, in accordance with: EN 50131-1, EN 50131-3, T031
Environment	II. indoor, general (in accordance with EN 50131-1)
Operating temperature range	-10 °C to +40 °C
It also meets the requirements of	ETSI EN 300 220, EN 50130-4, EN 55022, EN 60950-1
Operation conditions	ERC REC 70-03
